CITY CLERK
C & C OF HONOLULU

Aloha Council Members,

I am writing in **STRONG** opposition to this Resolution and ask that you please consider the same. Currently, this is an actively used City park that should not be offered for private sale. As stated in the 2011 North Shore Sustainable Communities Plan, 'there is a shortage of community-based parks' in the North Shore area. Perhaps a partnership between the North Shore community and the City could result favorably in the stewardship of this coastal park. Thank you for your time and consideration.

aloha,

Linda Legrande
